

COLLEGE HILLS!

The incomparable residence suburb of OAHU COLLEGE. Home sites with every variety of level, rolling and sloping ground, affording superb views of both ocean and mountains.

Boulevard and streets already graded. 20 foot alleys to contain all water pipes, telephone poles, etc., and afford rear entrance to all lots.

Terms of deed require residences to cost at least \$2,000 and absolutely excludes undesirable stores, shops and shacks.

The lots have frontage of 100 feet and depth from 150 to 200 feet. Larger building sites if desired. The prices have been made unusually low, ranging from \$800 to \$2500.

FIRST SALE OF LOTS AT AUCTION SATURDAY, MARCH 23.

Grounds will be shown upon application to the sales agents.

REMOVAL NOTICE.

DR. J. M. WHITNEY has removed his office from corner Hotel and Fort streets to the Boston Block, over May & Co.'s stores. Telephone, Main No. 277.

MANY TO GO TO MOLOKAI

The Settlement Will be
Investigated by
Legislature.

After the adjournment of the two branches of the Legislature yesterday afternoon, the Senate and House committees on the expedition to the Leper Settlement on Molokai, met in the House with President Raymond of the Board of Health, and arranged details as to the personnel of those who are entitled to leave on the Legislature's chartered steamer tonight for Kalaupapa. Senator H. P. Baldwin was the chairman and acted as interpreter for the native members. Among those present were Chairman F. W. Beckley of the House Committee on Public Health, W. H. Hoogs, A. G. M. Robertson, F. H. Hanke and a few native members. Representatives Prendergast and Emmelhuth dropped in toward the end of the meeting.

It was agreed after much discussion that the list of names submitted by the Legislature committees to the Board of Health for special permits, and a few offered by the Board, should be submitted to President Raymond as coming from the Legislature direct. The joint committee was anxious that the list of outsiders be cut down to the minimum, and some desired that members of the press be the only persons outside the Legislature who should be permitted to go. As finally agreed, the list stands as follows: Senate and House members, 45; Senate and House clerks, 2; stenographers, 2; interpreters, 2; invited by the Legislature, President Raymond of the Board of Health, Wray Taylor, Commissioner of Agriculture and Forestry, W. O. Smith, former president, Board of Health; Dr. Charles Engels, one representative each from the Honolulu newspapers—Advertiser, Star, Bulletin, Kuokoa, Independent and Republican.

No other persons will be given permission to accompany the junket. President Raymond stated that under no consideration could he go beyond the authority given him, as the chartered steamer belonged to the Legislature. As there is such a large number of people to make the trip, the steamer will have to be used as a hotel and lodging house while the members are at Kalaupapa, there being no accommodations on shore.

Representative Prendergast almost spoiled the arrangements entered into. He protested against any one but the legislators themselves and representatives of the press going upon the chartered steamer. Dr. Raymond and others, however, modified the House member by stating that the permits granted to outsiders would be only to those proposed by the committees. If the committees chose to invite them, he would have the permits issued accordingly. The committee as a whole decided upon this question and Dr. Raymond was given a special invitation to accompany the legislators. Superintendent Reynolds will also be of the party and will act as the guide to the Settlement.

After the meeting President Raymond was interviewed as to a plan which was partly divulged by him during the expedition discussion. This was in effect a plan which he intended to present to the Board of Health meeting on Wednesday but was prevented by stress of other important business. The plan contemplated the general reorganization of the management of the Leper Settlement,

and instead of the Settlement being controlled by one man as formerly, a commission of three persons, appointed from among the residents of the Settlement, shall conduct its affairs. The chairman of the commission will have almost the same powers as the former superintendent, with the exception that all matters brought before the commission are to be voted upon.

"It has been in my mind for some time," said President Raymond, "to effect a reorganization along the lines of reorganization of the Health Department in Honolulu. I believe that the best interests of the Settlement would be served by a system of home rule. A commission of three members, chosen upon by the Board of Health with one of the official staff of the Health Department, to act as chairman, is to be appointed under my plan, and all matters of complaint, regulation of affairs, and the many matters pertaining to the looking after of these unfortunate people, shall be brought directly to the attention of the commission. They shall have power to dispose of these matters as they deem best, but those which to them are of such importance as to be passed upon by the Board of Health are to be so referred. An agent, or commissioner, of the Board will make monthly visits to the Settlement, and he shall act as the medium between the lepers and the Health Board. In all matters, however, they shall be closely governed by the rules of the department. In this way the Board would be relieved of listening to the interminable complaints which are made through the newspapers and by letters. I shall have this matter put into a bill and introduced into the Legislature through one of the members of the Public Health Committee."

Would Raise Rates to Mome.

The subject of Nome rates for the coming season is one which is already attracting the attention of shipping men on the Coast, although it is still early in the season. It is pretty generally conceded that there will be a large heavy rush into the Nome country during the coming season. Last year's rates, it is claimed, were not especially remunerative, and it is possible that an attempt may be made among the various steamship companies to pool issues and maintain a common rate of about \$125 first-class.

Last season opened with a \$125 first-class and \$75 second-class rate. This dropped later to \$100 and \$60 and still again, later on in the season, to \$75 and \$50, with a freight rate of \$25 a ton. A meeting of the steamship men interested in the northern traffic was held within the past few days at San Francisco. What was done is not definitely known. Dispatches stated that a uniform rate of \$125 had been agreed upon, and that the various companies would adhere to it. As to the freight rates, it was stated that another meeting was to be held later, when this important subject would be taken up.

Spruance, Stanley & Co., San Francisco, are the proprietors of the celebrated "Kentucky Favorite" whisky.

Inter-Island Telegraph

On and After the 2nd of March

Messages in plain language will be accepted for transmission between the places mentioned below:

HONOLULU, Oahu.
KA LAU, Molokai.
MAUNALEI, LANAI and LAHAINA, Maui.

The charge for such messages will be at the rate of 20 cents per word of 15 letters until further notice.

When telephone connections are available messages may be handed to the telephone company to be forwarded to destinations other than those mentioned above.

In other cases special messengers may be employed.

The cost of special delivery is not included in the charge of 20 cents per word. If the cost is known it must be paid by the sender when the message is handed in. If unknown, it must be paid by the addressee when the message is delivered.
